ongoing  
Product life cycle in the CNW

### Short description (max. signs 1100)

Since our establishment in 1987, much has changed. Kitchens have transformed, and there is a heightened awareness and concern for the natural environment, material resources, and climate change. As a trusted authority in the industry, we continue to lead by embracing these changes through our customer-centric approach. Our ongoing commitment to our customers and business partners sustainability and safety motivated significant strides in research and development. We are evolving our engineered stone to create the next generation of surfaces. This strategic shift has expanded our product portfolio to include a range of unique blends that support our long-term growth and sustainability strategy. We are committed to ever-evolve towards a sustainable world. As a trusted leader in the industry, we are taking the next steps to create new methods and standards to achieve our business and sustainability vision. We are focused on product innovation, environmental performance, ensuring end-to-end safety throughout the entire product lifecycle, and fostering a culture of governance.

## 2 | PRODUCT DETAILS

Sintered Stone

Product category

Product class

Material A

Material B

Kitchen Countertops, Wall- and floorcladding, Facade  
Application areas

no changes with UV Light  
Light transmission

Silk, Honed, Ultra Rough, Glossy  
Haptics

Structure and gloss level

PEI III (Silk) ISO 10545-7  
Scratch resistance

No damage according to ISO 10545-9

Stability

6mm, 12mm, 20mm

Delivery form

Class A2

Fire-protection category

320x160cm

Dimensions

kg/m<sup>2</sup>: 6mm/15 - 12mm/29 - 20mm/48

Weight per delivery unit

<0,1%

Water compatibility

### 3 | INFORMATION ON PRODUCT CERTIFICATIONS, ECO-LABELS OR DESIGN AWARDS
