3 years
Product life cycle in the CNW

Short description (max. signs 1100)

The ALPIignum veneer D.18.27 ALPI XILO 2.0 1-FLAMED GREY is a decorative multilaminar wood veneer designed by the Italian designer Piero Lissoni who creates infinite possibilities by reducing to the essential. The choice of four colours - white, sand, grey and black - combined with the cathedral and striped veneer collection "XILO 2.0", which he designed, as well as the geometric TARSIE textures, open up new opportunities for surface language.

2 | PRODUCT DETAILS
