Moods

Name of the collection

Mood#95 M0712

Manufacturer Item no.

3 Jahre

Product life cycle in the CNW

Short description (max. signs 1100)

This Mood#95 chair has a shell fitted with armrests and has been purposefully designed for optimal seating comfort. Its metal base allows you to rotate the entire seat by 360°. Ideal for sitting down at the table without having to pull out the chair.

Like all chairs from this collection, it's entirely customizable: from the upholstery material all the way to the metal base. It's up to you to choose an upholstery material (fabric, leather or synthetic leather) and a color for the base.
