

1 | RAW MATERIALS AND CONSTITUENTS

1.1. What components or raw materials do you work with?

Methacrylate (MMA) and polymethyl methacrylate (PMMA) raw material from the Röhm GmbH verbund.

1.2. Where do you source the individual components or raw materials from?

- From the country of production of this product
- From the continent where we produce this product
- worldwide

1.3. Are the raw materials or components certified or approved according to standards? If so, which ones?

DIN 7745 and ISO 8257
Components are RoHS listed

1.4. Please clarify the material structure of the final product as well as the material composition expressed in %.

100% MMA-based (cast products) or 100% PMMA-based (extruded products).

1.5. How high is the proportion of renewable raw materials in your product as a %.

0%

1.6. What % of your raw materials used are recycled materials?

Depending on the product between 0-90%.

1.7. Where required, additional comments about where you obtain your raw materials from and their origin:

Backward integration in the Röhm methacrylate composite; thus very short transport routes and production in Germany or Europe.

3 | PACKAGING

3.1. What type of packaging do you use?

- disposable packaging reusable packaging both disposable and reusable
 we do not package

3.2. Your packaging material for this product is comprised of

90 % from renewable materials % from recycled material
10 % from PE-LD film

3.3. Type and material, packaging description

Wooden pallet, laminating film, conveyor belts, packaging film

3.4. Your packaging material is produced in

- country of the head office same continent where the product is produced
 intercontinental

3.5. Where required, additional comments about your packaging

4 | WAREHOUSING AND LOGISTICS

4.1. You produce this product

- as quickly available warehouse goods just in time

4.2. You distribute your product (multiple answers possible)

- directly via wholesale trade (online & stationary)
 via stationary retail trade via online retail trade

4.3. Where required, additional comments about your Green Logistic

Very short delivery and transport routes

6.3. How can it otherwise be disposed?

- return to manufacturer or dealer
- organic waste
-
-

- recycling centre
- thermal recycling

- residual waste
- specialist waste

6.4. Where required, additional comments about disposal and recycling

7 | MISCELLANEOUS
