Board

Delivery form

Weight per delivery unit

Printing inks: IMO certification low flameability

Can be wiped off with a damp cloth

Fire-protection category

Water compatibility

3 | INFORMATION ON PRODUCT CERTIFICATIONS, ECO-LABELS OR DESIGN AWARDS

- MDF board FSC / PEFC / EPD ISO14025 and EN 15804 certifications
- Digital inks, primer & topcoat are flame retardant in combination as a marine product according to IMO certification
- Digital inks meet EN71 part 3 toy safety standard / Greenguard Gold
- Primer, digital inks and topcoats meet EU RoHs and REACH standards

Digital technology eliminates the need for costly embossing tools and processes, thus saving resources.
