

# Sustainability Statement

## 1 RAW MATERIALS AND CONSTITUENTS

### 1.1. What components or raw materials do you work with?

ABS  
Colour Masterbatch  
UV-Laquer

### 1.2. Where do you source the individual components or raw materials from?

- country of the head office
- Europe
- globally, namely from:

### 1.3. Are the raw materials or components certified or approved according to standards? If so, which ones?

Reach-Compliant

### 1.4. Please clarify the material structure of the final product as well as the material composition expressed in percentage

90-99 % ABS  
1-10 % other properties, e.g. Colour Masterbatch

### 1.5. How high is the proportion of renewable raw materials in your product as a percentage

0 %

### 1.6. Where required, additional comments about where you obtain your raw materials from and their origin

-

## 2 | PRODUCTION

**2.1. Where do you produce your product?** (please specify also several production locations)

- country of the head office  
 Europe  
 globally, namely from:

**2.2. Is the production operation certified? If yes, in accordance with which one?**

ISO 9001  
ISO 50001

**2.3. How do you grade production energy consumption?**

- low     normal     high

**2.4. What energy source is used for production?**

29 % of power from renewable energy

**2.5. The production waste is**

92 % recycled %  
% broken down organically (organic waste) %  
8 % thermally recycled (residual waste) %  
% professionally disposed of as specialist waste

**2.6. Where required, additional comments about how you obtain energy or dispose of waste**

-

## 3 | PACKAGING

**3.1. Your packaging material for this product is comprised of**

% from renewable materials    90 % from recycled material  
% from

**3.2. You use**

disposable packaging     reusable packaging     both with this product

**3.3. Type and material, packaging description**

cardboard boxes

**3.4. Your packaging material is produced in**

country of the head office     Europe     globally

**3.5. Where required, additional comments about your packaging**

-

## 4 | WAREHOUSING AND LOGISTICS

**4.1. You produce this product**

as quickly available warehouse goods     just in time

Your product is stored at:

country of the head office  
 Europe  
 other countries, namely

**4.2. You distribute your product**

directly     via trade     both

**4.3. Where required, additional comments about your Green Logistic**

-

## 5 | PRODUCT LIFE CYCLE

**5.1. With proper daily use, your product lasts about**

20 years                      hours/months/years (operational)

**5.2. How does the product keep its appearance when used at this frequency?**

The product:

- shows traces of use and/or a nice patina
- shows a few traces of use, generally not for a while
- shows rather less traces of use, stays almost unaltered
- is a consumable and regularly replaced (e.g. candle, soap etc.)

**5.3. What is there to say about care/maintenance?**

-

**5.4. Where required, additional comments about the life cycle of the product**

-

## 6 | DISPOSAL AND RECYCLING

**6.1. Can your product be recycled after the life cycle?**

- Yes     No
- partly, namely

**6.2. If so, where, for example?**

special companies

**6.3. How can it otherwise be disposed?**

- recycling       recycling centre       residual waste
- organic waste     thermal recycling       specialist waste
- 
- 
-

**6.4. Where required, additional comments about disposal and recycling**

**7 | MISCELLANEOUS**

**What else you would like to say about the product**

(including social-responsibility and environmental standards, ecological analyses, carbon footprint, certification, standards, environmental management systems etc.)
