Short description (max. signs 1100)

CAN YOU SPOT ME?
Bold or barely there.

What does this little spotlight do best? Show up exactly the way the space calls for. In a bold shade like mother earth!, DEEP ADJUST petit makes a surprisingly strong statement on the ceiling. Used tone on tone with the interior, it creates a much more understated look and blends harmoniously into the overall scheme.

Thanks to its adjustable design, the spotlight directs light precisely where it is needed – onto a work of art, a special piece of furniture or an architectural detail.
